

Environmental Excellence in Health Care

Promoting Healthy Patients, Employees, and
Communities in Maryland

A One-Day Conference for Healthcare Professionals

November 12, 2008 | 655 W. Lombard Street, Baltimore, MD 21201

Interested in learning more about Green Initiatives?

Join Maryland Hospitals for a Healthy Environment for this unique, one-day conference

Critical Issues to be addressed at our Conference Include:

Organizing and Promoting Green Initiatives * Creating Green Buildings and Resource Conservation
Reducing and Recycling Waste * Developing Nurses as Change Agents * Managing Hazardous Materials
Procuring Sustainable Foods

Take advantage of this one day professional educational event that includes 18 “Green” Health Care Sponsors and Exhibitors, on hand to answer all your questions.
